TECHNICAL SKILLS

HTML	**Supervised Learning**	**Git**
CSS	**Unsupervised Learning**	**GitHub**
Python	**Data Analysis**	**Salesforce**
Machine Learning	**Data Preprocessing**	**Java (Learning)**
K-Means Clustering	**Data Visualization**	**JavaScript (Learning)**
	Flask	

EDUCATION

B.Tech Data Science & Artificial Intelligence

🏛 ICFAI Foundation for Higher Education, Hyderabad   📅 2022 – Present

- Current CGPA: 5.36

Intermediate (MPC)

🏛 Sri Chaitanya Junior College   📅 2020 – 2022

- Percentage: 88.5%

Secondary School (10th)

🏛 Gowtham Model School   📅 2020

- CGPA: 9.8

EXPERIENCE

Procurement Intern

🏢 3T Worldwide India Pvt. Ltd.   📅 2023   📍 Hyderabad, India

Keywords: *Salesforce, Documentation*

- Supported Salesforce-based procurement operations.
- Coordinated with US-based teams for supplier onboarding.
- Improved process efficiency through accurate documentation.

PROJECTS

Customer Segmentation Using K-Means

- Applied K-Means clustering to analyze customer behavior.
- Performed data preprocessing and visualization.

Smart Alarm Application

- Developed an alarm system that reads notes aloud.
- Improved daily productivity using reminders and alerts.

Bug Tracking System

- Built a Flask-based bug tracking application.
- Implemented bug reporting and monitoring dashboard.

CERTIFICATIONS

- NASSCOM Data Processing & Visualization
- Kaggle Python for Data Science
- IBM Artificial Intelligence Fundamentals
